CONCENTRATION

How do you make decision? It requires intense meditation. One must analyze all the possibilities, step by step. Every element must be thoroughly examined with all alternatives considered. No door should be left unopened and all doubt must be erased from one's thoughts. However, if concentration fails to produce results, one must resort to an old, accepted practice: eeney-meeney-miney-mo.

BOYS BASKETBALL

EPITAPH

Here lie the Mules who kicked
off at 54,
The Sylvania Wildcats had 35
more.
The Spartans and Generals went
down in defeat,
Forcing them to make a hasty
retreat.
The Panthers of Maumee and
Whitmer were next,
They should have known better
than to mess with the best.
In raced the Rams with victory in
mind,
But the Wildcats straightened
them out in time.
The Bulldogs came barking up
the wrong tree,
So the Wildcats showed them
how tough they could be.
On the warpath, the tribes they
came,
But the Redskins and Redmen
couldn't ruin our name.
The Bobcats of B.G. were next
on our list,
How could they win when we
never missed?
The Eagles flew in, tough as
could be,
But the Wildcats beat them two
out of three.
Yes, beneath our crown, these
teams lie,
Beaten by one great coach and
twelve great guys.

YOU'RE OUR TEAM, YOU'RE BEAUTIFUL AND YOU'RE FINE*
You come on like a team,
Reaches and schemes;
Lips like strawberry wine.
You're our team, you're beautiful,
And you're fine.
You're all ribbons and curls,
Oooo what girls;
Eyes that sparkle and shine.
You're our team, you're beautiful,
And you're fine.
You're our ladies, you're our bets,
We fell in love on the night we met;
You touched the rim,
The ball went pop;
Oooo if you missed
Our hearts would stop.
You walked out of our dreams,
And on to the floor.
Now you're our angels divine,
You're our team, you're beautiful,
And you're fine.

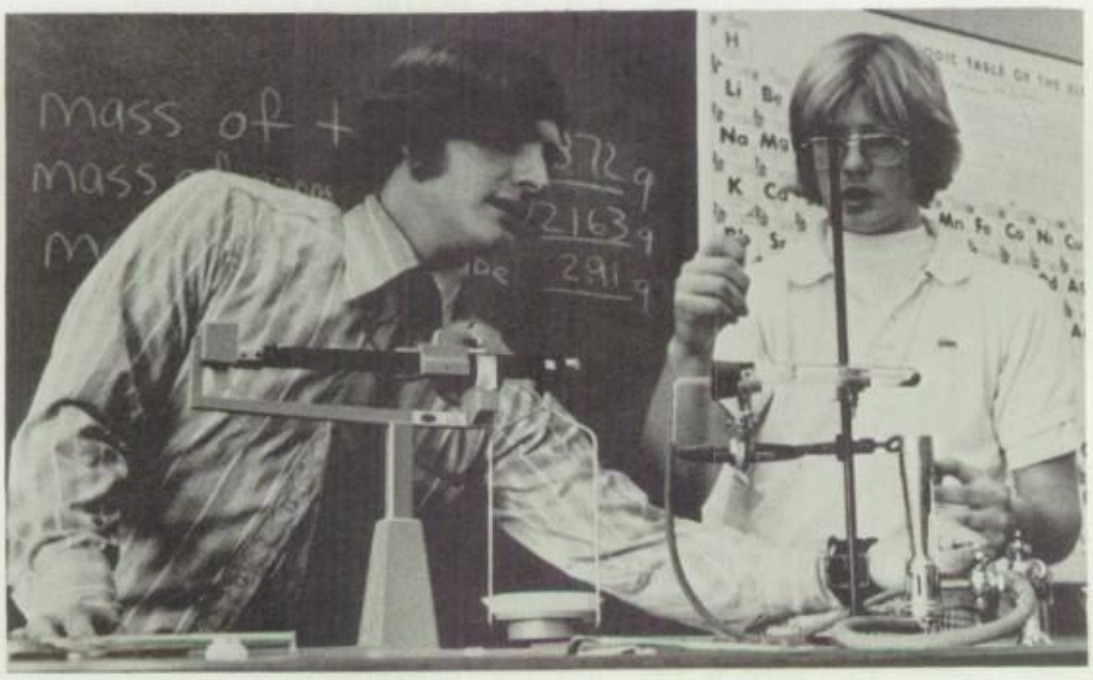
6/ Senior Dave Eisler follows the outlined procedures in a chemistry II experiment.



In a 4-year course of scientific study it is recommended that the following principle be recognized as essential:

The Scientific Theory

The disection of a constellation in carbon dioxide fixed distilled wood yields polarized tibia bonds.

1/ Freshmen Charlotte Schaiberger and Kathy Brown learn the techniques of using an equal arm balance.
2/ Sophomore Robert Steitz spends an astronomy class period observing the stars under the planetarium dome.
3/ In a test for enzyme activity, senior Debbie Smith measures out the H_2SO_4 needed.

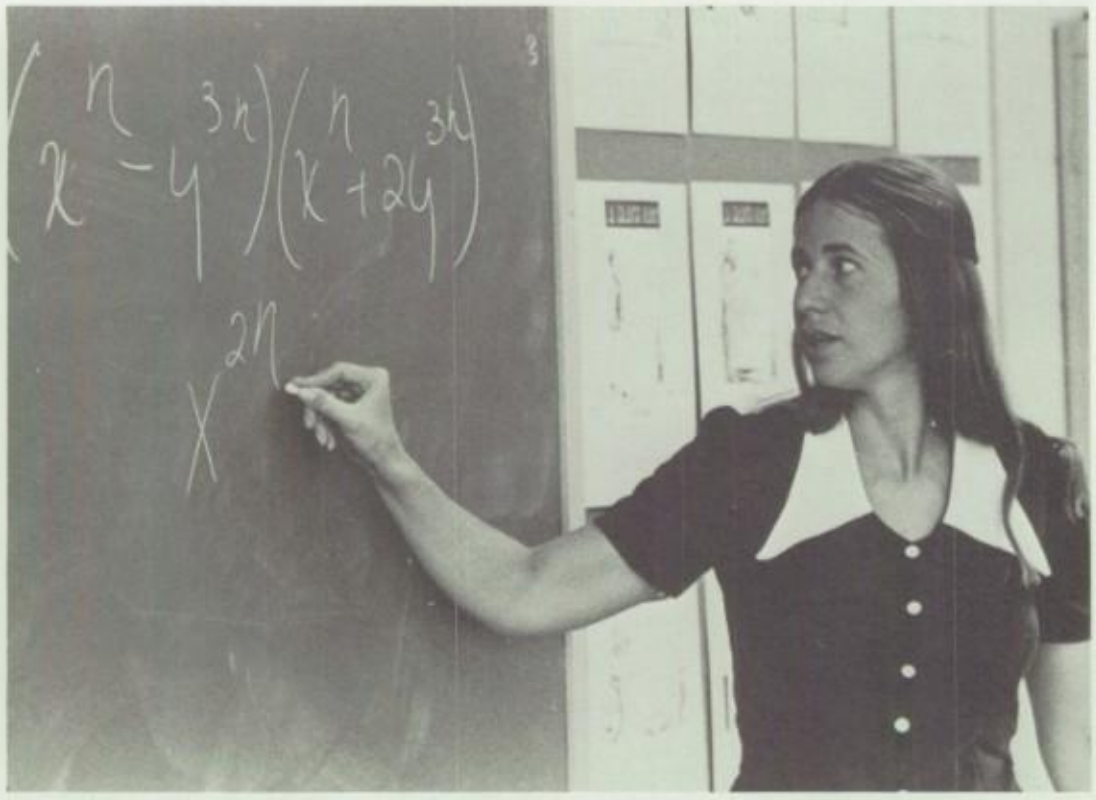
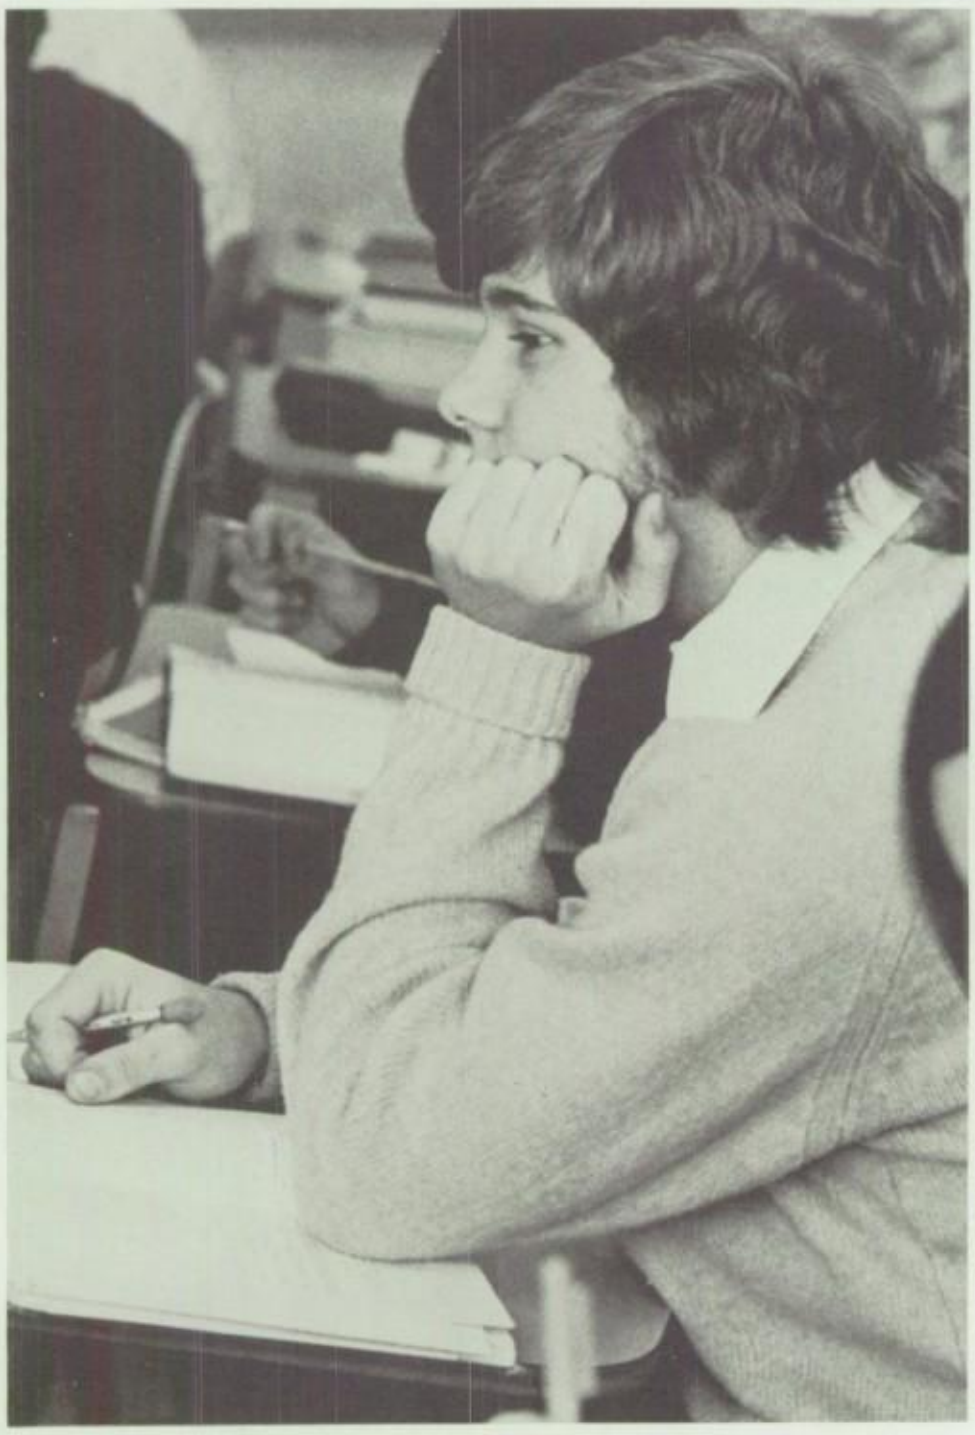
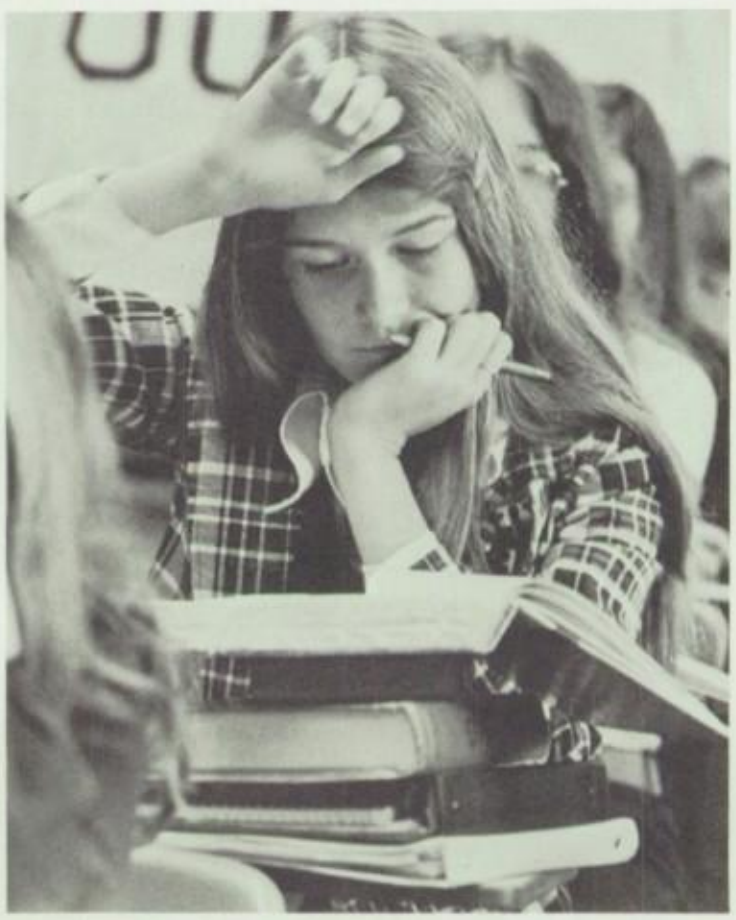
4/ Senior Tom Fenstemacher concentrates in senior math class.
5/ Freshman Kelly Bueltel ponders the answer to an algebra I problem.

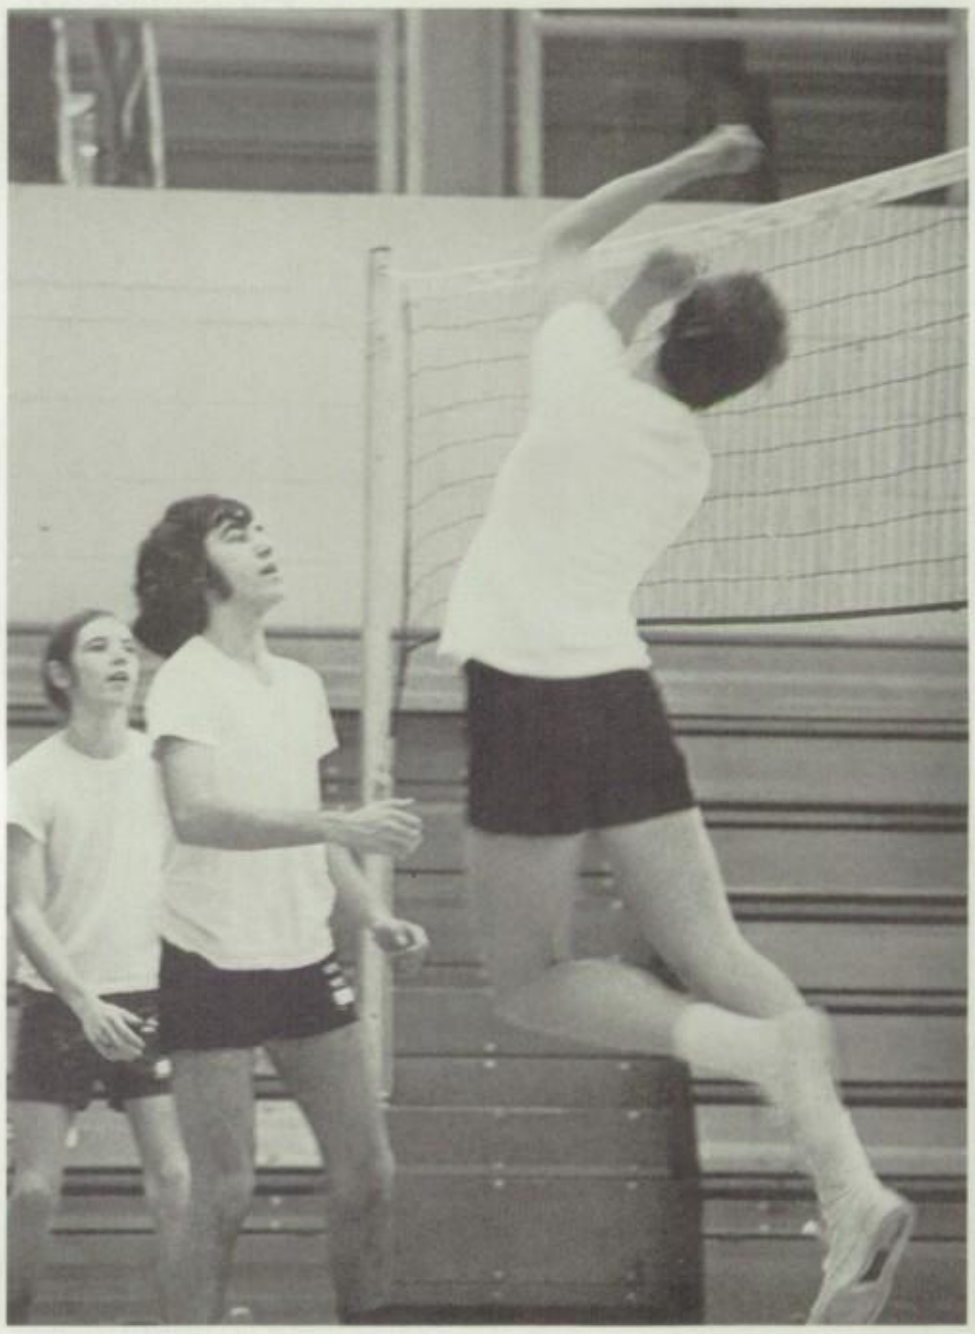


Do you know the way to solve
a binomial equation?
How do you use the Pythagorean
theorem and quadratic formulas?
Corollaries, cosines, coefficients —
What's it all about, Ralphie?





A gym class is . . .
learning a Greek folk dance;
getting tackled by the biggest guy
in the class;
renewing those bruises from the
last field hockey game;
lots of volleyball and tumbling;
and — thank goodness —
only two or three times a week.



1/ Girls learn and practice a variety of folk dances in North gym classes.
2/ Juniors Victor Pirooz and Lee Ferdon stand ready for a return to Steve Rothenberg's spike.
3/ Spotters observe freshman Lisa Keene's style as she warms up on the trampoline.

From the fall of Rome to the rise of Watergate . . .
revolutions and consumerism . . .
Ivan the Terrible and Freud . . .
Social studies can show where and why we were,
what and where we are and how and why
we can approach the future.

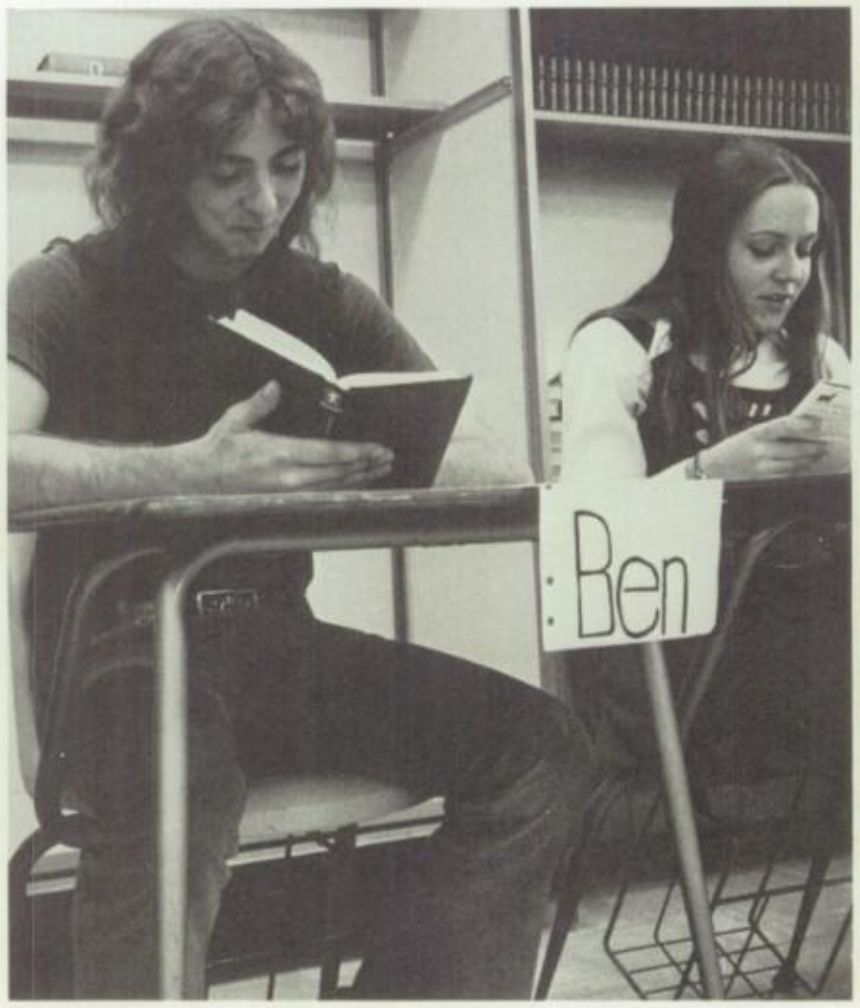
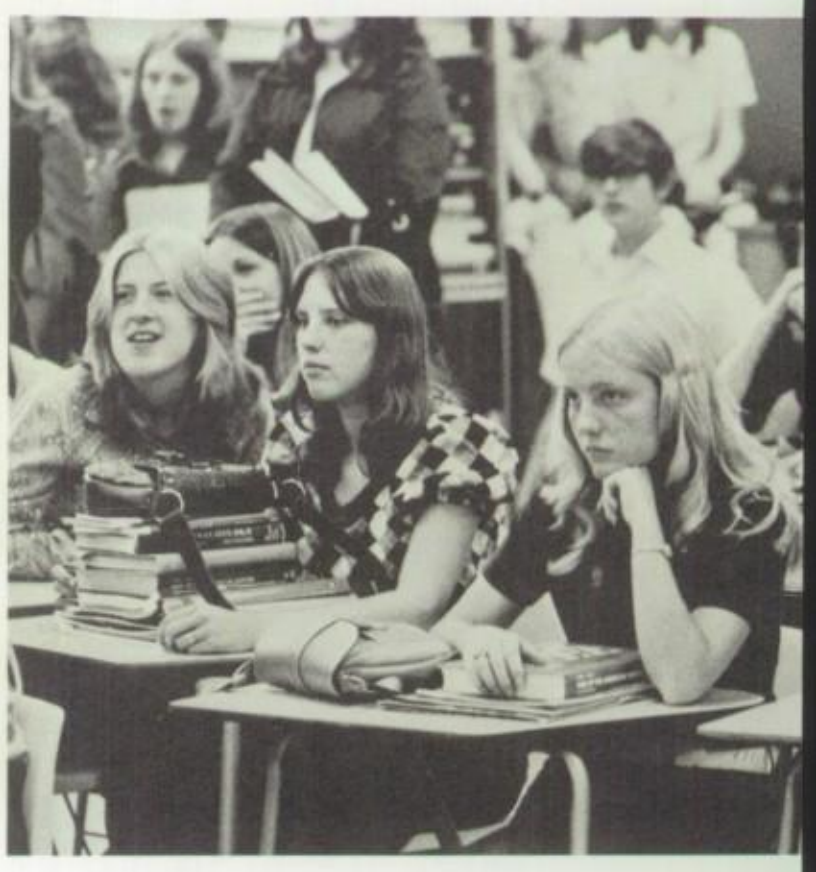
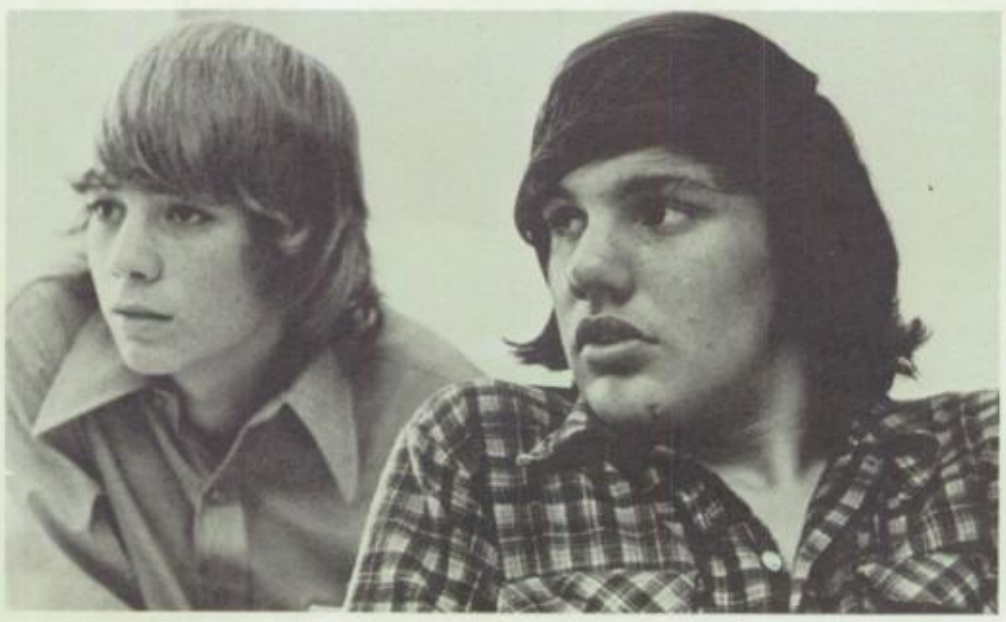
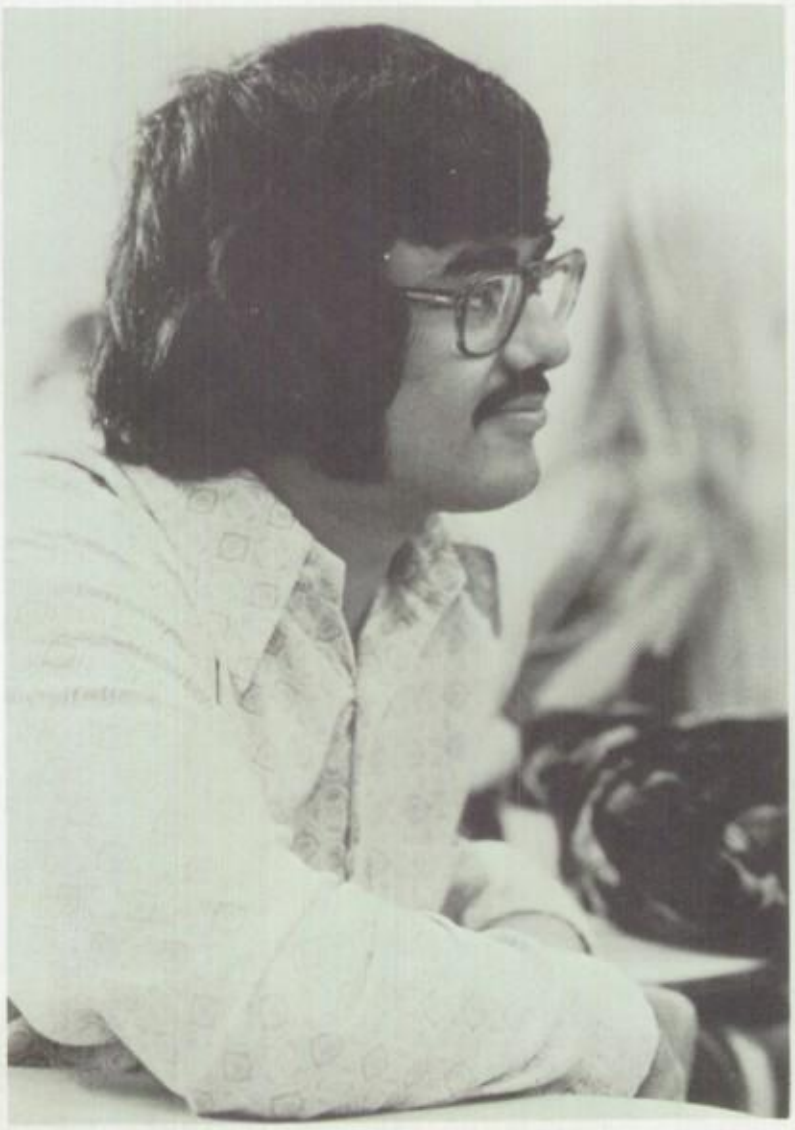
6/ A discussion of Steinbeck's "The Gift" enthralls freshmen Doug Zipfel and Larry Willard.

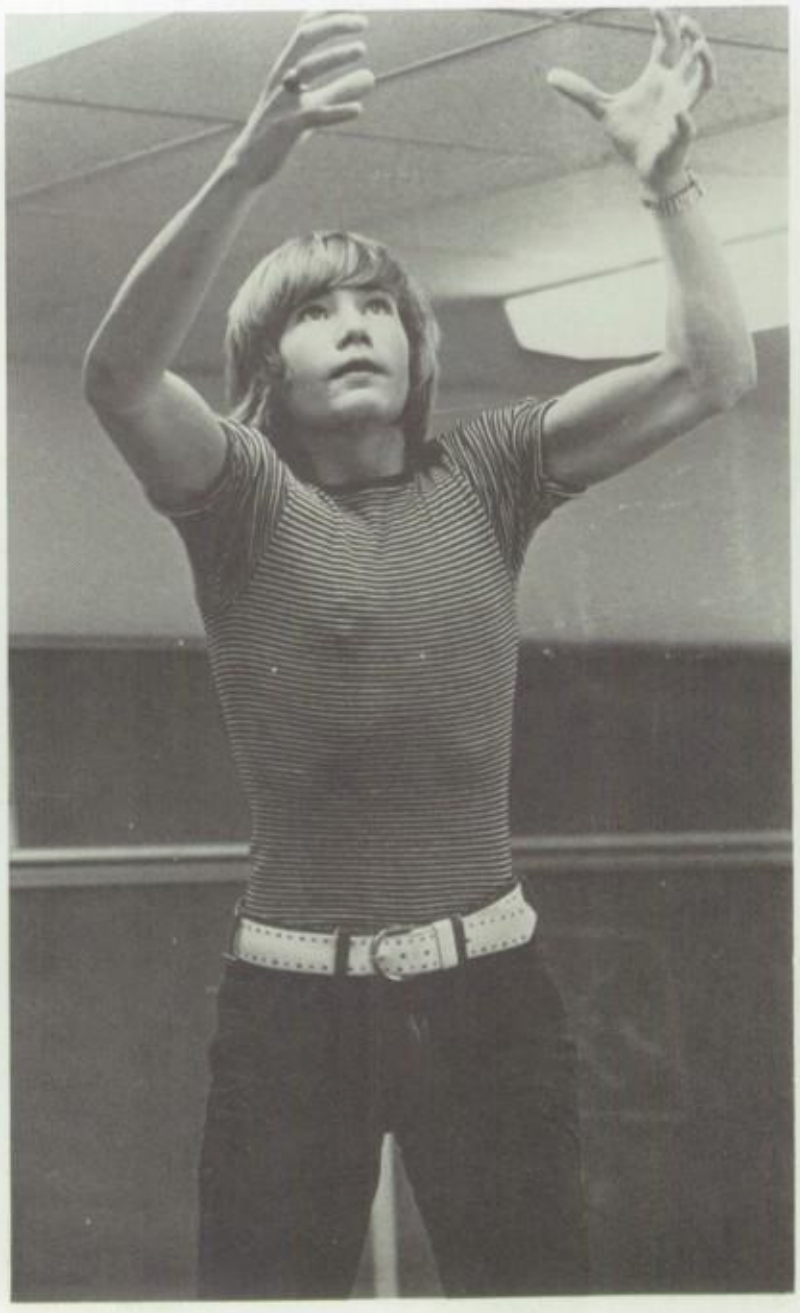




Is Shakespeare your man
or is writing your bag?
Perhaps films are your art.
Can you swing to musical comedies?
Maybe there's something for you
in the SHS English department.







1/ Senior Bob Simon listens in on a film arts discussion.

Last year I usually trounced chess foes in 15 moves or less without much of a struggle. However, I wasn't unbeatable. If a half-decent player got a little bit ahead of me I would give up — just quit on the spot. This quitter's attitude applied to other sports also — basketball, baseball, football, tennis and any other game I played. But after this year's football season, I gave that idea up. My coach taught me to fight back, to give 'em a heck of a time even if I'm gonna lose. He taught me to make the other team pay for winning. He taught me to push myself as far as my body would let me. He taught me not to be afraid of anyone or anything, especially the 200-pound monster directly across the scrimmage line from me. I gave him my blood, guts, toil, tears, and sweat, and in return he gave me the greatest lesson of my life. His philosophy has paid off in sports besides football, also.

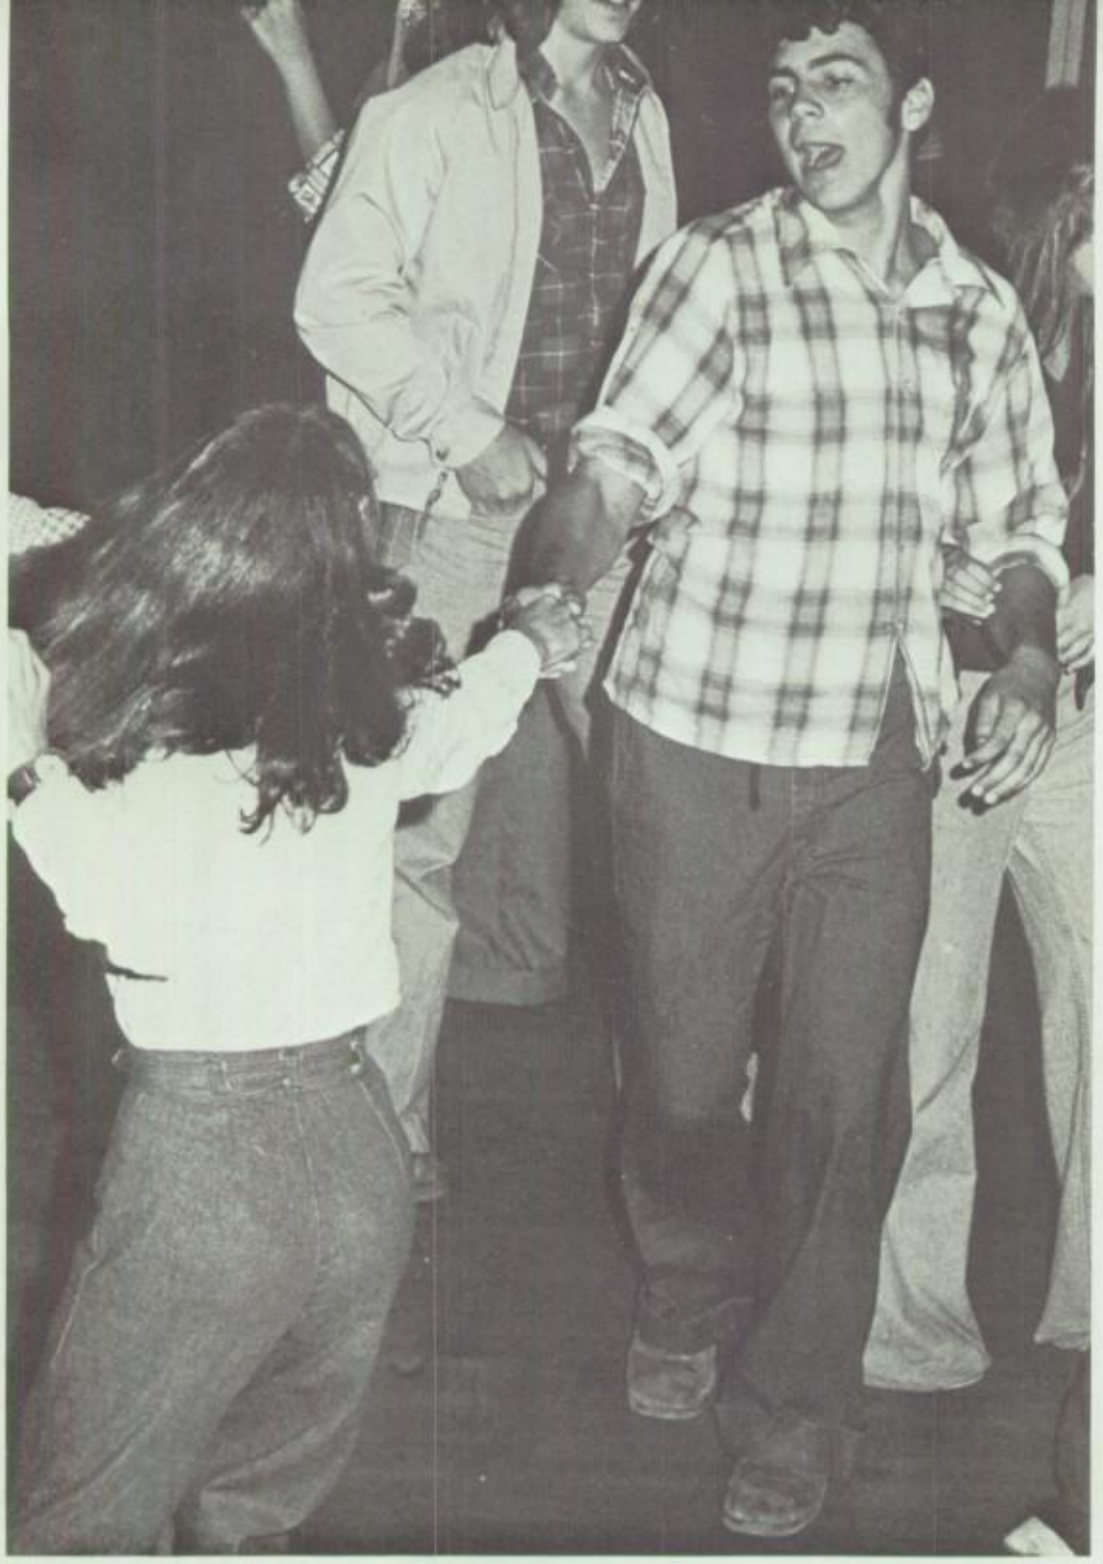
The attitude of fighting back when you're down can work for anyone. Oh sure, one can say, "It's only a game." But the only ones who say that are the ones who lose. Those who say, "It's only a game," are making an excuse for their defeat. I have never seen a winner say, "It's only a game." Yes, only losers do. Only the weakest of men give in like that. Only the weakest of men are quitters, afraid of sacrificing to win. As Vince Lombardi, the greatest coach pro football ever had, said, "Winning isn't everything; it's the only thing." But winning isn't easy. To win you must dream the impossible dream, fight the impossible fight. To win you must push yourself until the pain is splitting your sides in two and you think you're gonna die. But to hell with the pain! To win you must endure as much pain as your body can take, not as much as you think you can take. To win you must give them everything you've got.

Life is also like a game, but only on a larger scale. To win at life you must defy Satan himself. To win at life you must not quit, even on your deathbed. Vince Lombardi died fighting cancer. He died defying death itself. I expect to die with a grimace on my face and teeth clenched. I'll make sure I give life a farewell punch right in the teeth. I hope you do also.

By Jeff Wharram
(1957-1973)

The above theme was found in Jeff's desk by his parents who furnished a copy of it to the Wyandotte staff. We print it in its entirety, for we can think of no greater tribute.

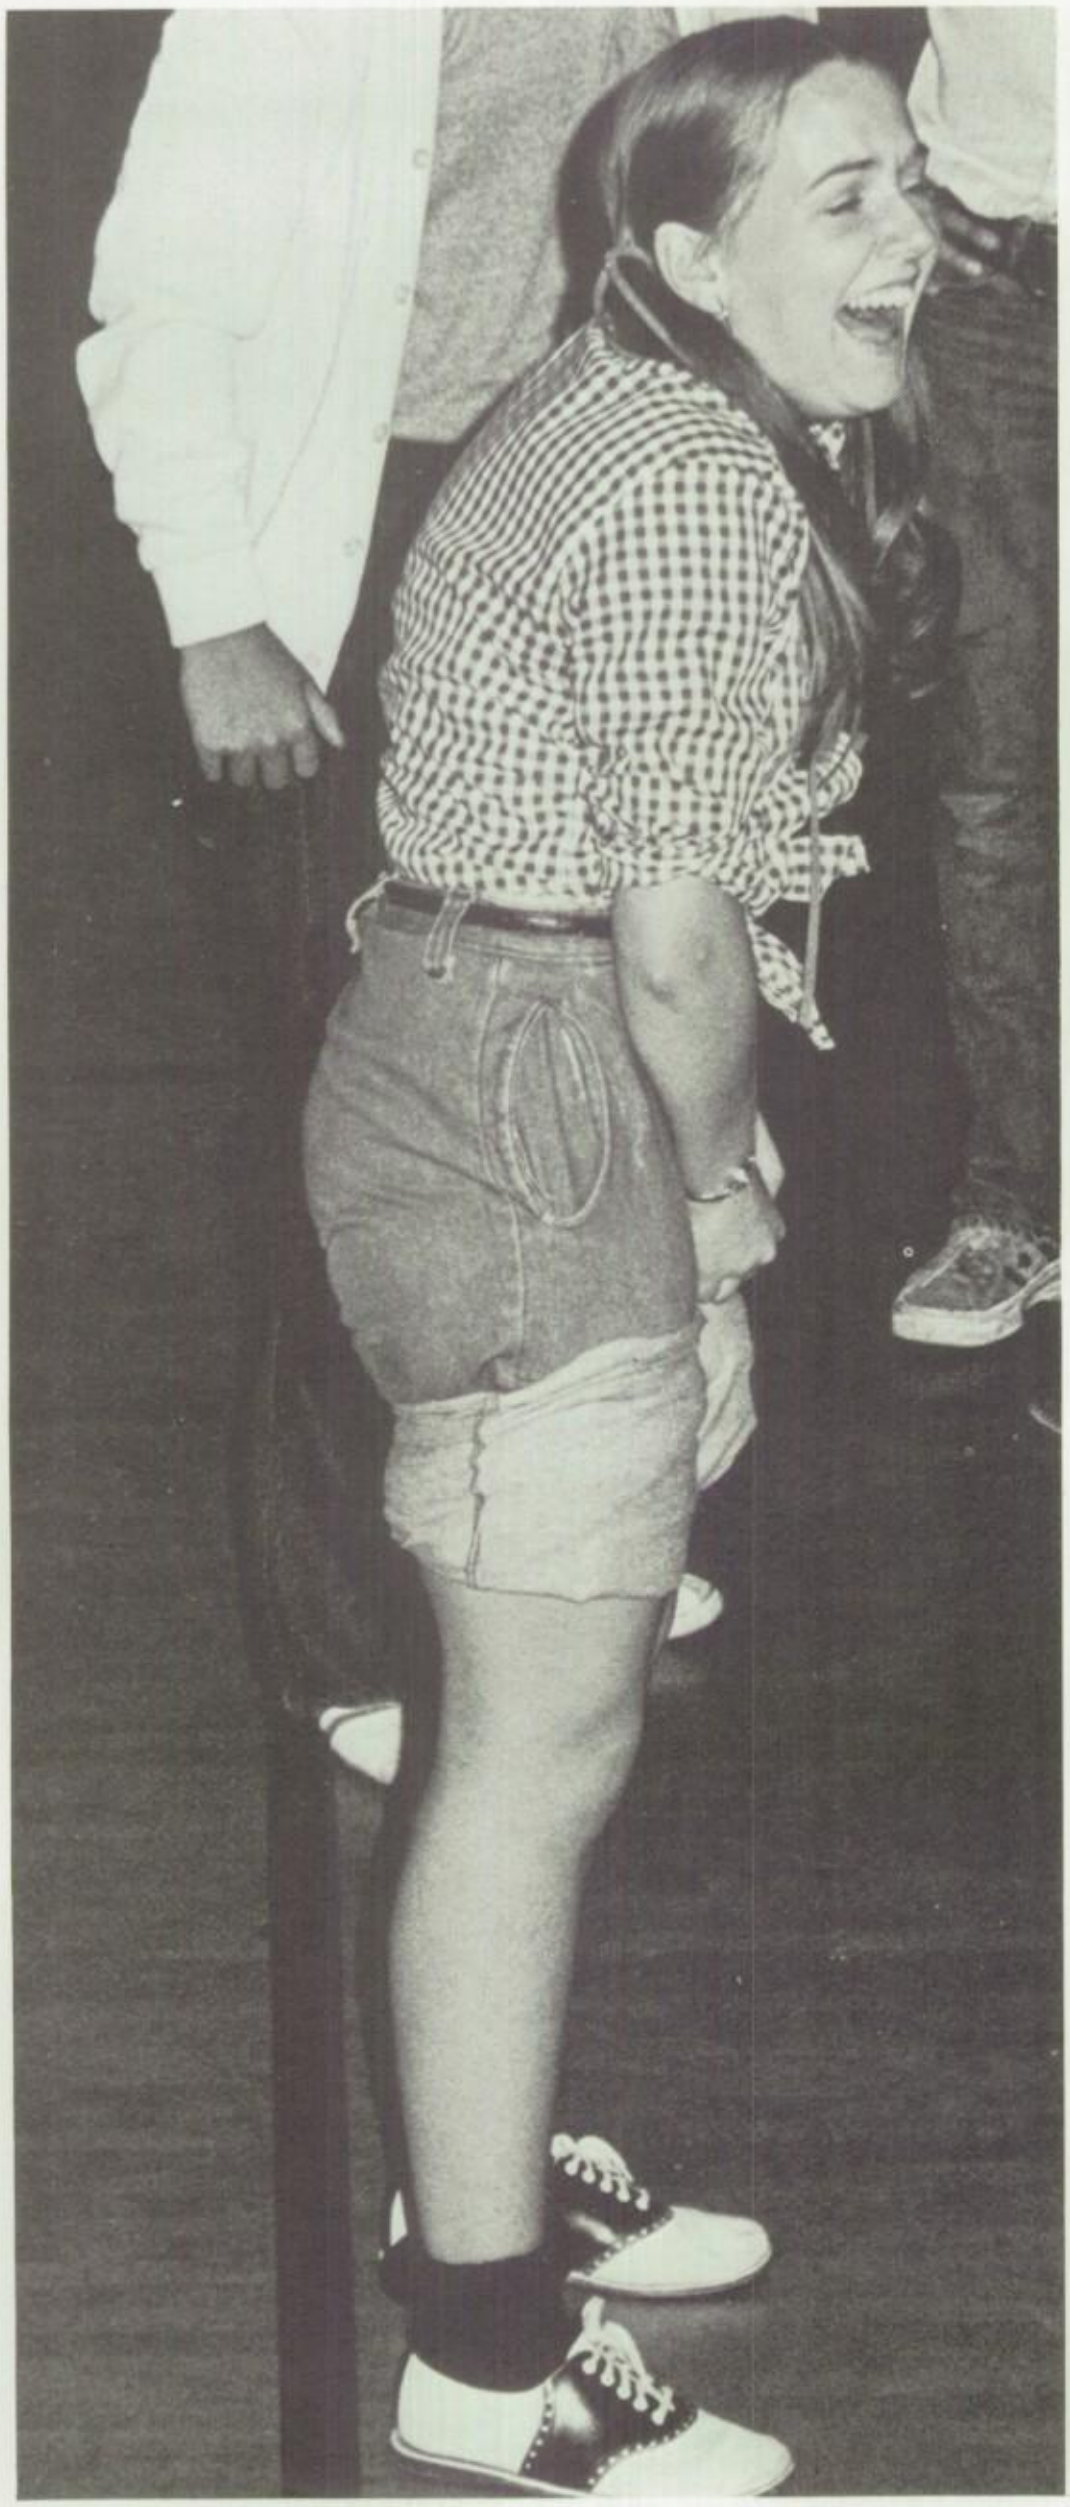
THE DATING GAME



THE DATING GAME

FOR FEMALES ONLY
You are voted the most popular girl in your class. If you have no boyfriend, choose any boy not yet taken, or exchange boyfriends with any other player who is not going steady.

FOR MALES ONLY
Player on your left has arranged a double date for you. You may accept the girl he chooses for you.



SHENANIGANS

"What are we going to do for senior prank? So many classes have pulled such great stunts. How could any class outdo the time they piled all the desks in the school into the gym? Our prank has to top anything ever tried. It has to be ingenious and superbly executed. It's got to catch everyone by surprise — and blow their minds! What can we do?"

"I wouldn't worry, pal. We have a little time left to think of something. After all, we're only freshmen!"

who needs more power plants anyhow!

You do.

If you want to use the products you own today and will own tomorrow. Most are powered by electric energy.

If you want to work. Every job requires the use of electricity in some form.

If you want to live in a quality environment. Most pollution control equipment runs on electric power.

You need power plants . . . for all your wants.

SUPER MARKETS

The art of success is a continuing upward spiral of progress. It is perpetual growth.

Success is having the courage to meet failure without being defeated. It is refusing to let present loss interfere with your long-range goal.

Success is relative, individual and personal.

It is your answer to the problem of making your years add up to a great life.

It is focusing the full power of all you are, on what you have a burning desire to achieve.
